

- II. Claims 99-121, drawn to a method for stimulating the immune system and immunization, classified in class 435, subclass 5.
- III. Claims 138-171 and 174, drawn to an isolated polynucleotide, classified in class 514, subclass 44.
- IV. Claims 172-173, drawn to a method of producing a PIV particle, classified in class 435, subclass 69.1.
- V. Claims 175-179, drawn to a recombinant PIV, classified in class 424, subclass 211.1

Applicants hereby elect Group I consisting of Claims 1-98 and 122-137 for prosecution at this time. This election is made with traverse, and no representations are made by this election concerning the merits of the Restriction Requirement with respect to the possible existence of multiple distinct inventions among the originally presented claims. Applicants reserve the right to pursue the subject matter of all non-elected claims in one or more related applications. Applicants respectfully request allowance of all pending elected claims.
